BC CAMPING CONFERENCE

JANUARY 29- FEBRUARY 1, 2018

Dear Friends of the British Columbia Camping Community,

The BC Camps Association and The Fellowship of Christian Camps- BC ask that you please take a few moments to learn about our upcoming provincial camping conference and consider participating by donating to our silent or live auction.

From January 29 to February 1, we will host our annual BC Camping Conference at Stillwood Camp and Conference Centre. This conference is dedicated to providing education and networking opportunities to camp professionals. This in turn will benefit the camping experience and safety of thousands of children across the province.

Please consider helping us by donating a product or service from your business. Your donation can be something as simple as a gift certificate or a product or service from your business.

Our event is expected to draw approximately 200 professionals from the camping industry. Your logo or graphics will be displayed at the event and included in our social media and conference newsletter.

Thank you for your consideration and participation. Your generosity will help these organizations promote safe and quality camping and to sponsor kids to go to camp.

Sincerely,

Lauren Marutt
